

Home Occupation Permit Application

Certain home businesses are permitted by the City to be carried on by the inhabitant of a dwelling. The permitted business must be incidental and secondary to the use of the structure for living purposes and cannot change the character or adversely affect the uses permitted in the zone and vicinity.

Filing of Application

With the application for a Home Occupation Permit, a non-refundable fee of \$104.00 shall be paid to the City to defray the processing costs. As part of the application, the applicant, if not the owner of the property, shall have the property owner or his/her representative signs the application agreeing to the applicant conducting the business at the subject location. If the location is a condominium, an officer of the condominium association shall sign the application.
